- ▶ Up to 20 pages per minute in A4 (FS-1320MFP)
- ▶ 1,200 dpi resolution
- ▶ Compact size, small footprint, low weight
- ▶ 250-sheet universal cassette
- ▶ Automatic duplex printing and network interface as standard in FS-1325MFP
- ▶ Exceptionally low printing costs in its class

The FS-1325MFP / FS-1320MFP includes:

The KYOCERA NetViewer

The KYOCERA NetViewer enables complete monitoring and control of all ECOSYS printers and digital Kyocera multifunction units from any Windows® PC and thus provides ideal network administration. It also supports the standardised SNMP protocol.

Status Monitor and Command Centre

The Status Monitor shows the current printers condition and gives direct access to the Command Centre for the modification of settings that are not contained in the drivers (e.g. network settings, adjustment of sleep mode or blocking of the control panel).

ECOSYS® Our Unique Printing Technology

ECOSYS stands for ECOlogy, ECONomy and SYStem-printing. With long-life components, ECOSYS devices are designed to maximise durability and minimise the total cost of ownership with regard to maintenance, administration and consumables. The cartridge-free system means that only the toner has to be replaced regularly, and the drum units every 100,000 pages. The modular design concept allows you to add workflow-enhancing functions as required. Integrated system software provides long-term cross-network compatibility. Kyocera's long-life components cost you and the environment less.
