

LG PF610P

LG PF610P

Brief Introduction  
Beta 2.5

The LG PF610P LED DLP projector has 1000 Ansi lumens, a contrast of 150000:1 and an HDTV 1920 x 1080 resolution. The manufacturer specifies an LED service life of 30,000 hours, which is equivalent to over 20.5 years at 4 hours per day. Including an integrated media player with which files can be played directly. The horizontal and vertical keystone correction provides leeway when setting up. The projector will be able to illuminate a picture width of 321 cm well. However, if room light is available, the picture width should ideally not exceed 214 cm. The projector has optional Airplay and Miracast screen mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via Wi-Fi. The projector can also play 1080P without any problems.
