For a 2m wide image, the projector only needs to be 50 cm away from the screen. The projector has Airplay, Screen Mirroring support, which enables direct playback of videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS via WLAN. Thanks to the Bluetooth function, the projector can also be flexibly paired with other speakers. Playing 1080P and 4K is also no problem for the projector.
