

Hewlett Packard CC360

HEWLETT PACKARD CC360

Brief Introduction

Beta 2.5

A brief introduction to the Hewlett Packard CC360. The micro-portable LCD LED projector has an HDTV 1920 x 1080 resolution and 220 ANSI lumens. The service life is 20,000 hours thanks to the LEDs, which is the equivalent of 13.7 years at 4 hours a day. The brightness of 220 ANSI lumens makes a picture width of 151 cm possible. In room light, the picture should be a maximum of 101 cm wide. The projector has Airplay, Miracast Screen Mirroring support, which makes it possible to play videos in high resolution and surround sound from smartphones, tablets and PCs with Android, Windows or iOS directly via WLAN. In addition, the Bluetooth option is a useful addition for the projector, especially for wireless audio transmission. Playing 1080P is also no problem for the projector.
