ELIT500 / ELIT500 ODD

E500-KG5N-S00 / E500-KN5N-S00 (W/ ODD)

E500-KGNN-S00 / E500-KNNN-S00 (W/O ODD)

STEADFAST.

FEATURES

Large Filtered Intakes – The front panel is constructed with a substantially large, unrestricted intake grill to provide superb airflow to the system.

With/Without ODD Support – Depending on preference, an ODD version of the chassis is available. If an ODD is not preferred, a cleaner appearance and more cooling options on the top and front panels are supported. The ODD version of the Elite 500 is slightly deeper in comparison to its non-ODD counterpart.

Versatile Cooling Options – Support for up to six fans and front, top, and rear radiator support ensure that performance is not compromised.

Full Black Coating & PSU Cover: Let your system stand out with an all-black background and a PSU cover to hide cables.

Breathable Power Supply Shroud – The PSU cover is ventilated on top of the power supply location, this allows actively cooled units to be installed either with the fan facing the top or bottom, also with the possibility of installing passively cooled power supplies.

Room For Upgrades - Support for up to a 350mm graphics card (400mm in the ODD version), a 161mm CPU cooler, and multiple fans/radiators locations provides room for upgrades to stay ahead of the game.

Removable HDD Cage – The modular frame allows builders to remove the drive cage completely, providing a greater freedom in building and increased compatibility for long power supplies.

The Elite 500 & Elite 500 ODD

The Elite 500 is the essential solution for optimized cooling. Substantial ventilation on the front panel allows fresh air into the system for both air-cooled and liquid cooled configurations.

For simple tasks, the Elite 500 is a cost-effective solution to professional computing. For higher-demand tasks, the Elite 500 boasts a high compatibility for upgrades, able to house liquid cooling and provides clearance for the longest, widest graphics cards.

SPECIFICATIONS

Product Name	Elite 500	Elite 500 ODD
Product Number	E500-KGNN-S00 (TG) E500-KNNN-S00 (Steel)	E500-KG5N-S00 (TG) E500-KN5N-S00 (Steel)
Exterior Color	Black	
Materials	Exterior	Steel, Plastic
	Left Side Panel	Tempered Glass
Dimensions (L x W x H)	Incl. Protrusions	409 x 204 x 455mm
	Excl. Protrusions	402 x 204 x 455mm
Volume (Liters Excl. Protrusions)	37.29L	42.40L
Motherboard Support	Mini-ITX, Micro-ATX, ATX	
Expansion Slots	7	
Drive Bays	5.25" ODD	0
	3.5" / 2.5" Combo	2
	2.5" SSD	3
I/O Panel	USB Ports	2 x USB 3.2 Gen 1 Type A
	Audio In / Out	1 x 3.5mm Headset Jack (Audio + Mic)
Pre-installed Fan(s)	Top	N/A
	Front	N/A
	Rear	1 x 120mm
Fan Support	Top	2x 120mm, 2x 140mm
	Front	3x 120mm, 2x 140mm
	Rear	1x 120mm
Radiator Support	Top	120 / 240mm (32mm max motherboard component height)
	Front	120 / 140 / 240 / 280mm 360mm* (* remove ODD)
	Rear	120mm
Clearances	CPU Cooler	161mm / 6.34"(TG), 163mm / 6.42"(Steel),
	Power Supply	160mm / 6.30"
	Graphics Card	350mm / 13.78"(w/o front fans & radiator)
Cable Routing	Behind MB Tray	18.5mm / 0.73"
Dust Filters	Front, Top, Bottom	
Power Supply Support	Bottom Mount, ATX	
Warranty	2 Years

ELITE500

Large filtered Intakes

A wide, unrestricted intake grill span the entire front panel to provide superb airflow to the system.

With/Without ODD Support

Depending on preference, an ODD version of the chassis is available. If an ODD is not preferred, a cleaner appearance and more cooling options on the top and front panels are supported.

The ODD version of the Elite 500 is slightly deeper in comparison to its non-ODD counterpart.

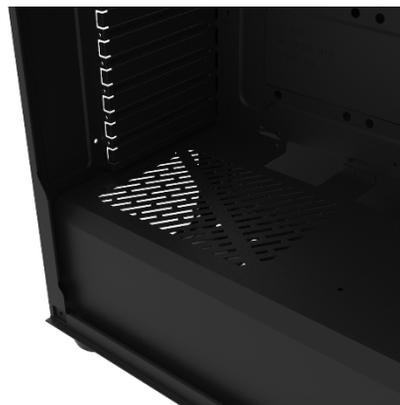

Versatile Cooling Options

Support for up to six fans and front, top, and rear radiator support ensure that performance is not compromised.

Full Black Coating & PSU Cover

Let your system stand out with an all-black background and a PSU cover to hide cables.

Breathable Power Supply shroud

The PSU cover is ventilated on top of the power supply location, this allows actively cooled units to be installed either with the fan facing the top or bottom, also with the possibility of installing passively cooled power supplies.

Room For Upgrades

Support for up to a 350mm graphics card (400mm in the ODD version), a 161mm CPU cooler, and multiple fans/radiators locations provides room for upgrades to stay ahead of the game.
